hello Em,

I am MAGs & I happen to read your post. Anyways some of the names you mentioned are acquainted with me. Roque Ocangas is my 1st degree cousin, he works in Lear Automotive Phils. Plant Rizal as a Production Manager, he is not inclined to any social networking sites or whatsoever but he has a personal computer, you can contact him @ 340-0628, 340-0408, email: rocangas@lear.com.

Also I know Anne Paulin, you can check her out <<http://profiles.friendster.com/xianghua71>>, we are friends because I happen to attend school @ USC-BHS from Grade I to 4th year, I did also graduated 1988.

Check out my profile @ Friendster <<http://profiles.friendster.com/magsvasquez>>, perhaps some of the people you wished to be connected once again are there, like; Rodulfo Ornopia "anak", Ritchel Aberion, Janine Mesina, Warren Noval, etc....Just try to refresh your memory of there faces.

:)

Hi Mags, thank you very much for your post. I'll also check your friendster account soon. Yes Anne Paulin is the group facilitator, she started it actually. And right now Roque Ocangas is also with the group. We are currently more than a hundred already but its not yet half of our batch yet.

Incuse you have other friends who went to USC GHS during the elementary days, please do let me know. Thank you and God bless,
