Thanks for being part of cebuconnection. Cebuconnection supports all Cebu artists in promoting their trade and crafts as this would benefit both the artists and the members. Please continue to use Cebuconnection as a venue to promote Cebu artists and events. This site was created Oct. 6, 2006 and the name came about strictly due to throwing/brainstorming out name ideas.

thanks hope you could link my website www.cebumetal.org its all about cebu's underground metal scene that no one's ever heard about it that there a lot of great cebuano metal bands actually exist in cebu..some of the local organizers are promoting metal and hardcore in cebu already which is actually a taboo here in cebu..we are the guys that everybody hates,disowned,criticized and feared for being devil worshippers which is definitely not true at all..this website might open their minds that we are just like you regular and real people. And for those who love metal music that doesn't know we are here..just watching and waiting..\m/:evil: \m/

anyway maybe we have the same idea about the name cebu connection i was just surprised that someone got a domain for it already..hehehe no big deal i created my group in myspace since 2003 but unfortunately the group i made got munched due to html malfunction..but i made another one cebu connect still at myspace and at www.cebucconnect.blogspot.com..

inquiry where i could post posters of events and such?

more power to you guys..

Hey Down, I actually grew up listening to Metallica, Dio and the likes. Those plus mixed with 95 South, R Kelly, and Dr. Dre, Yanni. Like most Cebuanos, the spectrum of my taste of music ranges widely, depending on the mood. Most of my friends in High School played musical instruments and the music that they were into were heavy metal music at that time, such as songs by Deicide and the likes. We'd be glad to partner up with artists in Cebu in promoting Cebu's Arts and Entertainment. At the end of the day, it's all about lifting each other so that we may lift our beloved Cebu! Feel free to use all the tools here at Cebuconnection. If you have any suggestions as to how we can best serve your industry, please feel free to give us some feedback. thanks and best of luck!
